Subtitled 'Revisiting songs from the Lindisfarne Years 1968-2002', **RENDEZVOUS CAFÉ** is where all the songs written by this founding member of folk rock band **Lindisfarne** over the decades - hits, album highlights and stage favourites like *Meet Me On The Corner*, *Road To Kingdom Come*, *Train in G Major*, *Can't Do Right For Doing Wrong* and many more - finally meet in one place ... **sung by their writer for the first time on record.**

It is at Rod Clements' solo concerts that audiences get to hear his fabulous songs free of the rearrangements, revisions and reinterpretations that inevitably evolve during the studio production process.

Now, in response to requests from those audiences, Rod records those songs as they were originally conceived: stripped back to the accompaniment of a guitar (and sometimes a double bass).

In **RENDEZVOUS CAFÉ**, his musicianship and mastery of the songwriting art combine to provide listeners with 26 beautifully crafted songs, together here - all in one place - for the very first time.
